

LASER

HANDS-ON SEMINAR IN CORAL GABLES

SESSION 002: SOFT TISSUE DIODE LASERS

Join us as we educate participants on the revolutionary field of lasers in dentistry and hygiene. Enjoy an evening at Discus, while earning 2 CE credits.

Course objectives:

- Successful tissue interaction
- Understanding laser efficacy
- Understanding the most common laser procedures
- Mastering technique through hands-on practice
- Understanding laser ROI for the practice, patient attraction and retention

By the end of the session participants will have a good understanding of what role a laser could play in each of their practices, and gain confidence on how to safely and successfully perform common laser procedures.

TIME:

12:30 pm – 3:30 pm

LOCATION:

Courtyard by Marriott
Coral Gables
2051 Le Jeune Road
Coral Gables, FL 33134

TUITION:

\$150 (includes lunch)

RECOMMENDED FOR:

All dentists and hygienists
interested in learning more
about lasers in dentistry

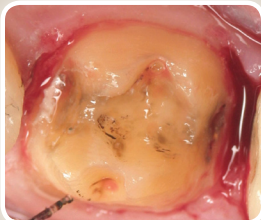

**Tuesday,
Feb. 8th**
**at Courtyard by
Marriott Coral Gables**

PRESENTATION BY: DR. MICHAEL MIYASAKI

Dr. Michael A. Miyasaki is in private practice in Las Vegas, NV, where he maintains a fee-for-service practice focusing on aesthetics and function. He lectures and publishes articles internationally, is the founder of Principle-based Dentistry, International, served as Editor-in-Chief of Dental Product Shopper magazine and consults with numerous manufacturers. He has been a user of both soft tissue and hard tissue lasers for over 14 years. His primary focus today is bringing information to doctors and their teams to provide the best treatment for their patients, thereby, enhancing their practices' success.
